

# Other Programs

## **Advanced Manufacturing Systems**

( Duration - 4 Hours)

Covering

CAD/CAM ,CNC Machining ( Milling , EDM & WIRE EDM)

## **Die and Mould Manufacturing**

(Duration - One Day)

Covering

Introduction to theory of mould design, Use of CAD/CAM and practical demonstrations on machinery and equipments used for die and mould manufacturing.

## **Tailor-made educational programs for Universities, technical Colleges and Schools in the areas:**

(Duration depend on the requirement)

- CAD/CAM
- Die and Mould Design
- Plastic Recycling
- Product Designs

## **Industry Supportive Programs**

(Duration depend on the requirement) On the job Training CNC Machining, Mould Polishing
